

## Beer Mats

Our Beer Mats are a litho printed laminated construction which combines high quality print with effective absorption properties. The absorption layer is 1.5mm thick open texture wood pulp board.

Beer Mats can be supplied single faced, the reverse being plain white; double faced, with the same image on each side; or multi faced, with a different image on each side. The price does not change whichever option is chosen.

**Please Note:** The Single Colour and Two Colour prices are based on the same colours being used on each side of the Beer Mat. If your requirement calls for different spot colours on each side please add 50% to the table prices.

### Standard Beer Mats

Standard Beer Mats measure 94mm square with 10mm rounded corners, or 94mm diameter circular.

### Custom Shaped Beer Mats

Custom Shaped Beer Mats can also be produced. There is a 'one-off' Forme cost of **£75.00 + VAT** for custom shapes. Please note, very complex shapes may require a more expensive Forme.
