

Digitally Printed Exhibition Stand NEW FOR 2009

Our Exhibition Stand is a one piece fold away unit which can be erected or packed away in seconds. The mechanism is designed to provide years of trouble free use.

The stand consists of three main panels and two end panels, which curve around the sides. Each panel is 664mm wide x 2180mm high.

The Carry Case, which doubles as a counter, can also be dressed with a graphic. The dimensions for this are 1945mm wide x 770mm high and is included in the graphics price.

The graphics are printed on five pieces of 200gm gloss art which are matt laminated. They are supplied with pre-fixed magnets for easy mounting.

The graphics are priced separately to the frame so that replacement graphics can be ordered at any time.

Please Note: Only half of each side panel is visible when the stand is viewed from the front. Also only the centre (486mm) of the Carry Case graphic can be viewed from the front. We would be pleased to send you templates for your design.
